Tom Ford's Velvet Orchid eau de parfum is a glamorous floral fragrance; an evolution of his classic, darkly sensual Black Orchid scent.

Off the beaten track

The Inca Trail isn't the only route to the enchanting ruins of Machu Picchu in Peru. For an alternative to this well-trodden path, the new Lares Trail, launching in September, offers a similarly beautiful but less crowded hiking experience. On five- or seven-day packages, in association with Mountain Lodges of Peru, hikers will pass through Andean villages and take in spectacular natural sights including glacial lakes before retiring to deluxe mountain lodges (**below**). laresadventure.com; peru.travel.

WILL TRAVEL

Practical yet luxurious, the water-resistant, non-crimping Baly "Travel Jacket" folds into a purse, making this a true investment for those living out of a suitcase. \$3995. baly.com

The lobby lounge of the new Shangri-La Quru (the hometown of Confucius) hints at the decadent luxury throughout. Rich silver velvet upholstery and red lacquer wall panels offset sleek symmetry in a traditional Chinese yet contemporary space designed by AB Concept. shangri-la.com/quru.
